**A. ACADEMIC PROJECTS**

**1. ENGLISH LANGUAGE LEARNING PROJECTS**

- a. Outstanding English Ambassador Award  
Owing to the pandemic and the adoption of half-day school after school resumption, the English Corner during lunchtime had been suspended and the English ambassadors were not recruited this year. Hence, no relevant expenses were recorded.
- b. English Reading Scheme  
Recognizing students' efforts on reading, the award scheme continued to motivate students to read extensively after lessons. A total of 77 students from S1 to S5 were presented the awards based on their reading records and book coupons worth \$4,050 were given out.
- c. English Writing Competition  
Students were assigned to write on a topic set by the teachers of the level concerned. Three prizes were given in each form from S2 to S5 this year. Prizes were presented and book coupons worth \$880 (First Prize: \$100; Second Prize: \$70; Third Prize: \$50) were awarded to the winners .
- d. Training on English Debating / Public Speaking  
The pandemic condition resulted in the cancellation of different school activities and it was foreseen that there would be a surplus of the Life-wide Learning Grant subject to clawback of the EDB by the end of the school year. To avoid that, the expense for the activity concerned was charged instead under it and thus the subsidy from the Alumni Foundation Fund was not spent.

**2. CHINESE LANGUAGE LEARNING PROJECTS**

a. Academic support

Item	Name of Activity	Budget	Expenditure	Balance
1	資助清貧學生修讀中文進修班	\$6,000	\$0	\$6,000

<b>Total</b>		<b>\$9,000</b>	<b>\$2,619</b>	<b>\$6,318</b>

Note:

This award managed to spur students to produce quality work throughout the school year.
- b. Chinese Debating Team  
No expenditure was recorded for the Chinese Debating Team also due to the pandemic condition, which resulted in the cancellation of different school activities

originally to be funded by the Life-wide Learning Grant. To prevent the surplus of the grant from being clawed back by the EDB by the end of the school year, the expense for the Chinese Debating Team was charged instead under it.

### **3. LUNAR NEW YEAR FAIR STALL**

As the Lunar New Year Fair in Victoria Park was cancelled again, no money was spent on bidding a stall, setting up one or sundry items.

### **4. PROMOTION OF STEM EDUCATION**

a. Subsidy for organizing STEM-related activities and participation in STEM-related competitions

Not many students have participated in external paid events due to the pandemic and all expenses of STEM-related activities can be covered by the school fund, therefore no expenditure was recorded this academic year.

b. Purchasing equipment, instruments and consumables promoting STEM activities

i. S2 students learnt how to program micro:bit with the use of various sensors. 164 sets of micro:bit kits and 15 sets of Grove Inventor kits for micro:bit kits were bought for the activities and projects in S2 ICT lessons. The total amount spent on the learning kits was \$25,921. The kits will still be used for S2 students in subsequent years. From a student survey, 95% of the respondents agreed that their computational thinking and problem solving skills have been enhanced through micro:bit programming.

ii. 2 sets of Google AIY Vision kits, 2 sets of Google AIY Voice kits and 2 sets of Raspberry Pi packages, amounting to \$4280, were bought for demonstrating some STEM activities for S3 students. However, due to the pandemic situation this year, some teaching time was lost. Teachers could only finish teaching the part on Python programming. The STEM activities related to Python programming could not be carried out. The kits will be still used for S3 students in subsequent years.

#### 4. TOPPING UP AWARDS FOR STUDENTS

A subsidy was granted to keep the values of the awards for the Graduation Day prize winners (those getting 1<sup>st</sup> – 3<sup>rd</sup> prizes, subject prizes and the service award) in line with inflation in recent years and to embody their importance. 137 instead of 140 subject prizes were given out. 5. LANGUAGE LEARNING AWARD

As there was a tie in the second prize of S3, an extra \$200 had to be used, making up a total of \$3,500.
